Professional Summary

Driven Software Engineer with a creative and technology-oriented mindset focused on building impactful digital solutions that enhance everyday life. Experienced in developing full-stack web and mobile applications using modern frameworks and best practices. I bring strong skills in problem-solving, teamwork, discipline, time management, and innovation. Passionate about continuous learning, scalable system design, and delivering high-quality software that makes a difference.

Experience

- Junior Associate (Apprenticeship)** Nov 2025 - Present
AmaliTech
I am currently working in Python backend development, utilizing frameworks such as Django and Flask, and integrating Artificial Intelligence.
- Mobile Developer** Jun 2024 - Present
Homiee – Australia
Contact: Steve Tzatzimakis - [linkedin.com/in/stevetzatzimakis](https://www.linkedin.com/in/stevetzatzimakis)
 - Developed cross-platform mobile applications using Flutter for both iOS and Android, ensuring responsive and modern UI design.
 - Integrated back-end APIs using Dio with custom interceptors for advanced logging and error handling.
 - Implemented secure authentication systems with Google and Apple Login using OAuth2.
 - Deployed applications to the Apple App Store and Google Play Store using Fastlane for streamlined automation.
 - Configured and maintained continuous integration and deployment pipelines using CircleCI.
